Summer Science Spectaculars 2016

Reaction Action

Chemical Reactions abound in this 45 minute assembly, and your reaction to these reactions will be awe and wonder! This assembly includes some of our favorites and some new demos - the *Genie in a Bottle*, *Burning Water*, the *OJ Clock* and more. It's Colorful and Cool science that kids and adults alike will love.

A Summer Science Fair

Make a Mini Science Fair part of your summer plans. Educational Fun and Flash. Learn about how Real Scientists do Real Science. "Science and Fun are One" as you do demos like *Kissing Balloons*, *Oobleck*, and *Layering Liquids*. Tons of educational fun for the summer.

Ready, SET, STEM (New for 2016)

It's a race to Science. This demonstration is jammed packed. Test your reflexes with our *Reflex Ruler*. Test your hearing as you meet the *Sing Wand*. See sound with a *Standing Wave Generator*. Literally take a spin with our *Gyroscopic Tire*. It's a Race to the Finish with Ready, Set, STEM.

STEM Demonstrations to bring STEM to your Camp or Library Program

- 45-50 minute demonstrations for up to 60 students
- Interactive - audience volunteers to help with experiments
- \$240 per visit (Prices, Programs, and Discounts may vary by Region)
- Discounts for Multiple Visits
